Step 1:

Print out your desired dolls and garments. Each piece of clothing is labeled with the name of the doll that it best fits on.

It is best to print your dolls on cardstock so that they stand up better.

Step 2:

Cut out the dolls and garments. You may need to cut a hole in the middle of the bonnets and hats.

Step 3:

Fold the bottom of the doll (on the dotted lines) so that it stands up.

Fashion Paper Dolls

Step 3:

Fold garment tags around the doll so that the dress hangs in place.

Supplies:

Paper doll cut-outs

Scissors (not included)
